

SDG 17

The advancement of the society in this age is only possible with mutual cooperation, collaboration, extending help to each section of the society and sharing of resources. The efficiency of achieving the SDGs become more while working in collaboration than an individual. This is true whether it is applicable for a person or an organization or a country. Wastage of resources must be zero and at the same time abundant resources must be generously shared with those not having access. This mutual cooperation is the fundamental principle of sustainability with involvement and participation of all. UN SDG17 aims to revitalize the global partnership for sustainable development. In line with UN SDG principle DIT University firmly believes in collaboration be it in research or resource sharing or implementation of its work culture not only inclusive but exclusive of University premises. The supportive and flexible work culture of DIT University essentially lies on the proposition of trust-integrity, employee engagement-opportunities, respect-fairness.

DIT University Event Report

University Initiatives for outreach activities and community participation for addressing Sustainability Issues

DIT University always believes in sharing of knowledge with all the stakeholders of society, be its own student and staff communities or outside communities, schools and colleges beyond the premises of the University. Sharing of knowledge is only possible with outreach activities conducted which are executed both in virtual and physical mode. DIT University always takes part in activities with objectives of social, regional and national and environmental interest. In order to do that University promotes its students to reach out to all corners of society with the intention of social welfare through its various clubs and societies.

DIT University Event Report

(A Cleanliness Drive)

Name of the Event Coordinator/Convenor: Dr. Naveen Singhal	Name of the Event: A Cleanliness Drive
Name of the Collaborator(if any) : Local villagers of Salan gaon	Name of The Resource Person (Multi entry in case of more than one resource) :
Start Date and End Date : 02.04.2022	No. of Participant (Students and Faculty): 63

DETAILS ABOUT THE EVENT:

Event Description
<p>Brief text with introduction, event details, content and outcome:</p> <p>Activities related to SDG 6:</p> <p>The major problem of Dehradun is mixing of solid wastes to water resources of drainage rivers that create water pollution. The Prithvi Club of DIT University had organized an event, i.e., A Cleanliness Drive, Under Swachh Bharat Mission. The prime purpose of this programme was to create awareness among the students and local communities regarding cleanliness and its benefits so that nearby water resources will not be polluted</p> <p>The drive started from Salan Gaon, Dehradun, Uttarakhand. All members reached there by college bus provided by the university. All members were equipped with gloves, brooms and bags to collect garbage. Club members cleaned the road and nearby areas. Local people joined the drive with enthusiasm. After cleaning the road, members of clubs reached the local government hospital of that area and cleaned the entire premises. Doctors and staff of the hospital also volunteer the club members. Club Members also appraised the local people about solid wastes to be prevented to mix with water bodies so that drainage rivers do not transfer them to river Ganges during precipitation because the area is having lot of drainage rivers.</p>

DIT University Event Report

(Mask distribution to villages and awareness about air pollutants and its health effects)

Name of the Event Coordinator/Convenor: Dr. Jabrinder Singh	Name of the Event: Mask distribution to villages and awareness about air pollutants and its health effects
Name of the Collaborator(if any) : Local Villagers of Salan gaon	Name of The Resource Person (Multi entry in case of more than one resource) : DIT University faculty members
Start Date and End Date : 15.12.2021	No. of Participant (Students and Faculty): 30

DETAILS ABOUT THE EVENT:

Event Description
<p>Brief text with introduction, event details, content and outcome:</p> <p>Activities related to SDG 3:</p> <p>Air Pollution is becoming a tremendous source of health hazards nowadays. Dehradun sees heavy traffic every day that adds to enormous air pollutants in atmosphere. 'Health is wealth'. So, DIT university faculty members have taken part in mask and hand soap distribution and health awareness campaign about air pollution near Salan Gaon, Dehradun. Along, with that sanitation of non-hygienic areas were also done. This created an interest drive among residents as they came out and greeted the teams and appreciated the social work. They listened to the health advisories and promised to promote same among nearby people.</p> <p>photograph of the event.</p>

(Organization of Free Health and Divyang Seva Camp)

(For Local community)

Name of the Event Coordinator/Convenor: Dr. Vijay Singh Rana	Name of the Event: Organization of Free Health and Divyang Seva Camp
Name of the Collaborator(if any) : Local Villagers in Salangaon	Name of The Resource Person (Multi entry in case of more than one resource) :
Start Date and End Date : 21 February, 2022	No. of Participant (Students and Faculty): 30

DETAILS ABOUT THE EVENT:

Event Description
<p>Brief text with introduction, event details, content and outcome:</p> <p>Activities related to SDG 3:</p> <p>DIT University Organises Free Health and Divyang Seva and free Health Camp. As rightly said by Nick Vujicic 'Fear is the biggest disability of all. It will paralyze you more than being in wheelchair'. The Constitution of India gives equal rights to every legal citizen of India, whether they are healthy or disabled in any way (physically or mentally). The current Indian government has also proposed to use word 'Divyang' (Divine Body) instead of 'Disability' (Viklang) as they are special souls of God. For a Divyang to keep their life colorful, utmost important is to give them due attention, assistance and support from their family, friendly environment and should be engaged in community driven programs.</p>
