## SDG 17

**T**he advancement of the society in this age is only possible with mutual cooperation, collaboration, extending help to each section of the society and sharing of resources. The efficiency of achieving the SDGs become more while working in collaboration than an individual. This is true whether it is applicable for a person or an organization or a country. Wastage of resources must be zero and at the same time abundant resources must be generously shared with those not having access. This mutual cooperation is the fundamental principle of sustainability with involvement and participation of all. UN SDG17 aims to revitalize the global partnership for sustainable development. In line with UN SDG principle DIT University firmly believes in collaboration be it in research or resource sharing or implementation of its work culture not only inclusive but exclusive of University premises. The supportive and flexible work culture of DIT University essentially lies on the proposition of trust-integrity, employee engagement-opportunities, respect-fairness.

## International collaborative research and Conference on Sustainability

DIT University believes in collaborative research and development for the coexistence in society with larger objectives of societal growth and contributions for welfare of everyone. Modern society needs modern and sustainable infrastructure. In this era when everyone is facing the challenge of greenhouse gas emissions, air-water pollution sustainable home becomes desirable for everyone where people remain healthy both mentally and physically. So **the inner environment of the building must be environmental friendly, energy and water saving and made with green sustainable materials. This is the prime objectives of SDG 3, 6, 11. In this regard**, sharing of knowledge becomes immensely important on international platforms where researchers collaborate on new ideas of technology and innovation for green and sustainable cities and building architecture.

DIT University is happy to collaborate with international researchers on i-Converge 2022 international conference organized on September 15-17, 2022 on the theme: “Re-Imagining and Re-Designing Built Environment in the Presence of COVID-19”. The conference has provided a multidisciplinary interactive forum to explore the present and upcoming challenges together with the opportunities being faced by the professionals associated with the sustainable built environment in the world after pandemic. The conference was held for three days with

# DIT University Event Report

knowledge sharing among artists, academicians, researchers, students, policy makers, and industry professionals from Architecture, Planning, Design and other related fields.

## **The international invited speakers were**

- Dr. Greg Keeffe, Professor of Architecture + Urbanism, School of Natural and Built Environment, Queens University Belfast
- Professor Marc Aurel Schnabel, Dean, Wellington Faculty of Architecture & Design Innovation, Victoria University of Wellington, IP President ASA (ANZAScA) | Fellow CAADRIA
- Dr Amit Srivastava, Senior Lecturer, School of Architecture and Built Environment, The University of Adelaide
- Prof. Bharat Dahiya, Director, Research Center for Sustainable Development and Innovation, School of Global Studies, Thammasat University, Pathumthani, Thailand

The proceedings of this international conference will be published soon.

# DIT University Event Report

## **Name of the International Conference/Workshop**

### **Interdisciplinary International Seminar on**

**‘Trends and Future Possibilities in Humanities and Social Sciences’, March 25-26, 2022**

### **Related SDGs:**

**SDG 3:** Good Health and Well-being, **SDG 5:** Gender Equality, **SDG 6:** Clean Water and Sanitation, **SDG 7:** Affordable and Clean Energy, **SDG 8:** Decent Work and Economic Growth

The Objective of the Seminar aimed to bring bright minds from across the globe together on a single platform to share their views on related interdisciplinary approaches and have a rich and contended dialogue. The best minds from the academia in the field of Humanities, Management and Social Sciences devoted their time discussing a variety of topics on **Gender Studies, Disability Studies, Human Capital Development, Environmental Studies, Business and Economics, and Health Humanities**. Apart from exploring the field’s origin, the eminent speakers also broadened the participants’ understanding of the field’s current growth, their contemporary significance and the future directions. The workshop deliberated in detail the strategies to implement SDG principles in developing countries and the ways to tackle the challenges associated.

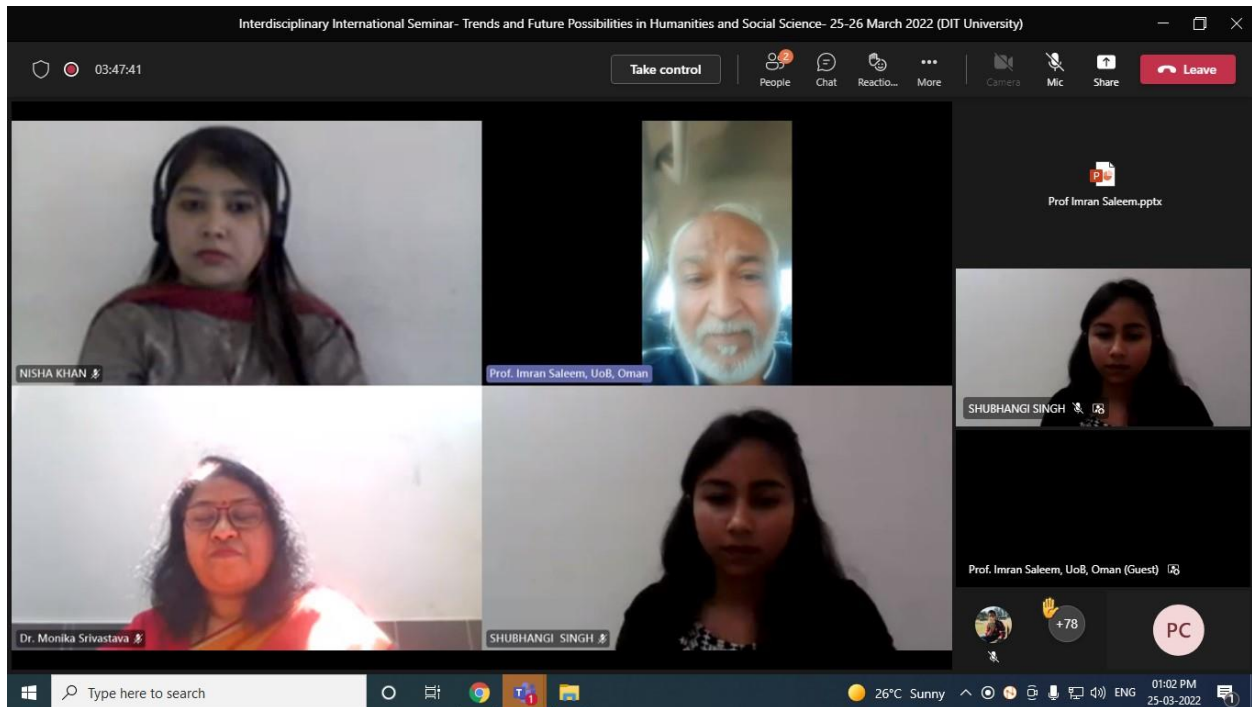

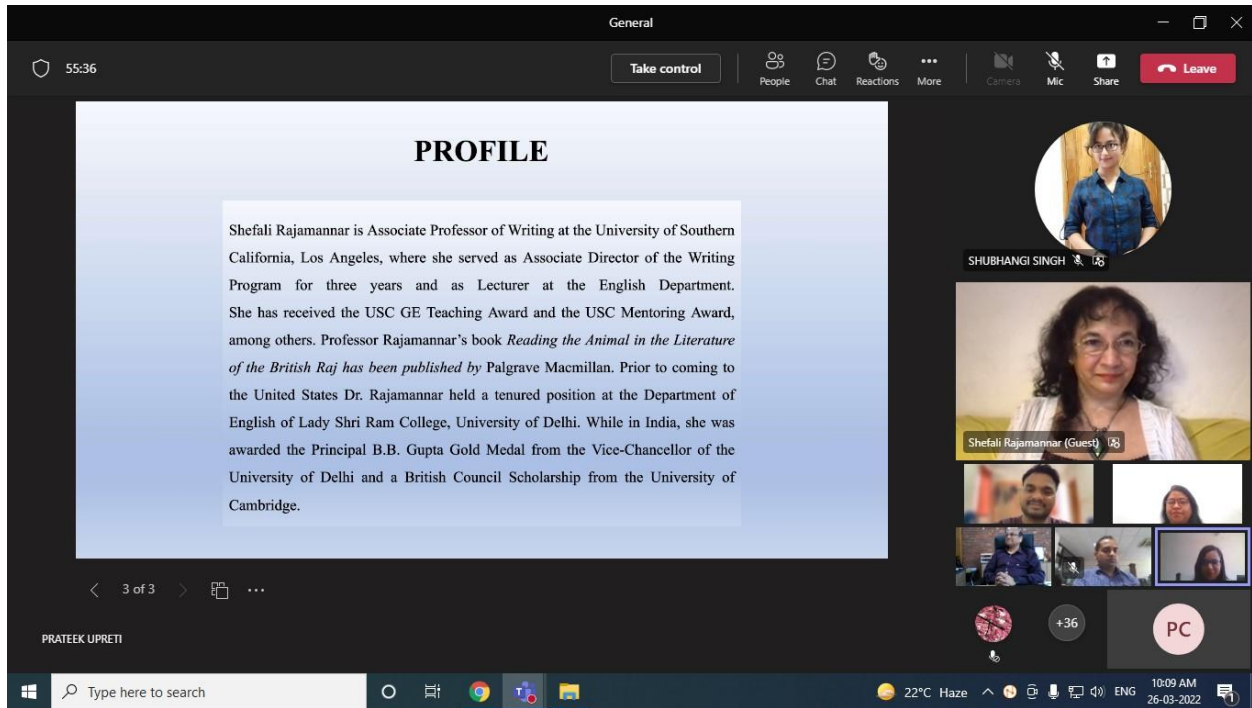

### **International Speakers:**

**Prof. Imran Saleem**, Pro Vice-Chancellor, University of Buraimi, Sultanate of Oman.

**Dr. Shefali Rajmannar**, Associate Professor, University of Southern California

**Prof. Bhupendra Kumar**, Professor, Debre Tabor University, Ethiopia.

## Name of the International Conference/Workshop

**2nd International Conference on Applied Mathematics and Computational Sciences-2022,  
October 12th–14th, 2022, (Virtual Mode)**

## Related SDGs:

**SDG 3:** Good Health and Well-being, **SDG 6:** Clean Water and Sanitation, **SDG 7:** Affordable and Clean Energy, **SDG 13:** Climate Action

The Conference aimed to provide a global platform for research scholars, academicians, scientists, and industry people engaged in different fields of mathematics and computer science around the world, where the participants can interact and express their thoughts, challenges, recent developments and innovative ideas of this rapidly growing field and can share their knowledge. The theme of the conference was **Applied Mathematics and Computational Sciences** which is one such recent highly popular and well - known interdisciplinary field. The two subjects have applications in every field of science, engineering, technology, and industry, but combining them yield new powerful techniques. Eminent Speakers focused on applications of the two subjects on **biological-physical-mathematical & biomedical sciences, earth-atmosphere environmental sciences, and so on.**

## International Speakers:

Prof. O. D. Makinde , Stellenbosch University, South Africa

Prof. D. Baleanu, Cankaya University, Ankara, Turkey

Prof. Md. Shafiqul Islam, University of Dhaka, Bangladesh

Prof. Ali Akgul, Siirt University, Yeni, Turkey

## **Name of the International Conference/Workshop**

**Anant-Interdisciplinary International Conference on  
'Trends and Future Possibilities in Humanities and Social Sciences-2022'  
10–11 November, 2022, (Hybrid Mode)**

## **Related SDGs:**

**SDG 3:** Good Health and Well-being, **SDG 5:** Gender Equality, **SDG 6:** Clean Water and Sanitation, **SDG 7:** Affordable and Clean Energy, **SDG 8:** Decent Work and Economic Growth

**'Anant'**- International Interdisciplinary Conference on **Trends and Future Possibilities in Humanities and Social Sciences** from 10-11 November, 2022 was an attempt by the School of Liberal Arts & Management, DIT University Dehradun to understand and explore the recent trends in Humanities & Social Sciences and to provide a platform to the scholars across globe for sharing their knowledge. The focus areas were: **Disability Studies, Health Humanities/Health Economics, Positive Psychology/ Yoga/ Mindfulness/Well Being, Human-animal Studies/Environment Studies/Climate, Youth, Gender, Identity, Class & Race Studies, Women Studies (Empowerment/entrepreneurship/social & political participation)**

## **International Advisory Board**

- Prof. Rajender Dudhra- Birmingham City University, UK
- Prof. Shefali Rajmannar- University of Southern California, USA
- Dr. Ramona Simut Reader- Emanuel University of Oradea, Romania.
- Prof. Hesham Magd- Head of Business and Economics Modern College of Business and Science, Muscat, Oman.
- Prof Kindye Essa- Dean Faculty of Business & Economics, Debre Tabor University Ethiopia.
- Prof Imran Saleem- University of Buraimi Oman.

**DETAILS ABOUT THE EVENT:**

Event Description
<p><b>Brief text with introduction, event details, content and outcome:</b></p> <p><b>Activities related to SDG 7:</b></p> <p>Speaker has started the session with the importance of alternative fuels in the present scenario of green and clean energy demand. Speaker has explained the various types of alternative fuels for IC engines. Speaker clearly elaborated the effectiveness of dimethyl ether as a fuel for IC engines, modification of the IC engine for the utilization of alternative fuels and various results and discussion of the research has been explained. Speaker has concluded the session with the importance of green fuels. The session has been open to queries. Queries related to IC engine modification and other alternative solvents has been posted from the participants and speaker have discussed the queries. Participants has acquired the knowledge on recent studies in alternative fuels and the design modifications carried out in the IC engine for the utilization of alternative fuels.</p>

## (A Cleanliness Drive)

Name of the Event Coordinator/Convenor: Dr. Naveen Singhal	Name of the Event: A Cleanliness Drive
Name of the Collaborator(if any) : Local villagers of Salan gaon	Name of The Resource Person (Multi entry in case of more than one resource) :
Start Date and End Date : 02.04.2022	No. of Participant (Students and Faculty): 63

### DETAILS ABOUT THE EVENT:

Event Description
<p>Brief text with introduction, event details, content and outcome:</p> <p>Activities related to SDG 6:</p> <p>The major problem of Dehradun is <b>mixing of solid wastes to water resources of drainage rivers that create water pollution</b>. The Prithvi Club of DIT University had organized an event, i.e., <b>A Cleanliness Drive</b>, Under Swachh Bharat Mission. The prime purpose of this programme was to create awareness among the students and local communities regarding cleanliness and its benefits so that <b>nearby water resources will not be polluted</b></p> <p>The drive started from Salan Gaon, Dehradun, Uttarakhand. All members reached there by college bus provided by the university. All members were equipped with gloves, brooms and bags to collect garbage. Club members cleaned the road and nearby areas. Local people joined the drive with enthusiasm. After cleaning the road, members of clubs reached the local government hospital of that area and cleaned the entire premises. Doctors and staff of the hospital also volunteer the club members. Club Members also appraised the local people about <b>solid wastes to be prevented to mix with water bodies</b> so that drainage rivers do not transfer them to river Ganges during precipitation because the area is having lot of drainage rivers.</p>

## (Mask distribution to villages and awareness about air pollutants and its health effects)

Name of the Event Coordinator/Convenor: Dr. Jabrinder Singh	Name of the Event: Mask distribution to villages and awareness about air pollutants and its health effects
Name of the Collaborator(if any) : Local Villagers of Salan gaon	Name of The Resource Person (Multi entry in case of more than one resource) : DIT University faculty members
Start Date and End Date : 15.12.2021	No. of Participant (Students and Faculty): 30

### DETAILS ABOUT THE EVENT:

Event Description
<p>Brief text with introduction, event details, content and outcome:</p> <p>Activities related to SDG 3:</p> <p>Air Pollution is becoming a tremendous source of health hazards nowadays. Dehradun sees heavy traffic every day that adds to enormous air pollutants in atmosphere. <b>'Health is wealth'</b>. So, DIT university faculty members have taken part in mask and hand soap distribution and <b>health awareness</b> campaign about <b>air pollution</b> near Salan Gaon, Dehradun. Along, with that sanitation of non-hygienic areas were also done. This created an interest drive among residents as they came out and greeted the teams and appreciated the social work. <b>They listened to the health advisories and promised to promote same among nearby people.</b></p> <p>photograph of the event.</p>

<b>Name of the Collaborator(if any) :</b> Local Villagers in Salangaon	<b>Name of The Resource Person (Multi entry in case of more than one resource) :</b>
<b>Start Date and End Date :</b> 21 February, 2022	<b>No. of Participant (Students and Faculty):</b> 30

#### DETAILS ABOUT THE EVENT:

Event Description
<p><b>Brief text with introduction, event details, content and outcome:</b></p> <p><b>Activities related to SDG 3:</b></p> <p>DIT University Organises Free Health and Divyang Seva and free Health Camp. As rightly said by Nick Vujicic 'Fear is the biggest disability of all. It will paralyze you more than being in wheelchair'. The Constitution of India gives equal rights to every legal citizen of India, whether they are healthy or disabled in any way (physically or mentally). The current Indian government has also proposed to use word 'Divyang' (Divine Body) instead of 'Disability' (Viklang) as they are special souls of God. For a Divyang to keep their life colorful, utmost important is to give them due attention, assistance and support from their family, friendly environment and should be engaged in community driven programs.</p>
