

DIT University Event Report

United Nations' Sustainable Development Goals (SDG) promote the notion 'Ensure healthy lives and promote well-being for all at all ages' through SDG 3. Good Health is essential to render any service to society and humanity. It is the very basic requirement of individual and irrespective of persons at any level in society must get access to quality health care services, sufficient and necessary education to promote awareness about health. In addition to that, clean environment, purity in resources, hygienic work environment are essential for achieving this goal. DIT University is committed to achieve this goal by providing necessary education, free access of healthcare services, awareness campaign and collaborative research work with Government and Non-Government agencies.

DIT University Event Report

Outcomes from MoU with Blue Circle Medi Services Pvt Ltd

DIT University has MoU with Blue Circle Medi Services Pvt Ltd. It organized a workshop on the “TRUST ON WOMEN” under the guidance of chief guest Dr. Vijay Laxmi Sharma and Dr. Sumita Prabhakar. Drs talked on the various role and responsivity of women and her rights. The event was successfully delivered and got benefitted to both the male and female staff.

The healthy body and mind are basic necessities for building a strong society that can think of constant progress. With this motto, DIT University extremely prioritizes on health related aspects both for educational perspectives and providing good health care facilities. For this, DIT University has signed MoUs with Blue Circle Medi Service Pvt. Ltd. The events photograph are attached here.

DETAILS ABOUT THE EVENT:

Event Description
<p>Brief text with introduction, event details, content and outcome:</p> <p>Activities related to SDG 3: DIT University Organises Free Health and Divyang Seva and free Health Camp. As rightly said by Nick Vujicic 'Fear is the biggest disability of all. It will paralyze you more than being in wheelchair'. The Constitution of India gives equal rights to every legal citizen of India, whether they are healthy or disabled in any way (physically or mentally). The current Indian government has also proposed to use word 'Divyang' (Divine Body) instead of 'Disability' (Viklang) as they are special souls of God. For a Divyang to keep their life colorful, utmost important is to give them due attention, assistance and support from their family, friendly environment and should be engaged in community driven programs.</p> <p>Photograph of the event.</p>
