

# DIT University Event Report 2022-23

## SDG 3

**U**nited Nations' Sustainable Development Goals (SDG) promote the notion 'Ensure healthy lives and promote well-being for all at all ages' through SDG 3. Good Health is essential to render any service to society and humanity. It is the very basic requirement of individual and irrespective of persons at any level in society must get access to quality health care services, sufficient and necessary education to promote awareness about health. In addition to that, clean environment, purity in resources, hygienic work environment are essential for achieving this goal. DIT University is committed to achieve this goal by providing necessary education, free access of healthcare services, awareness campaign and collaborative research work with Government and Non-Government agencies.

## POLICY ON HEALTH CONSCIOUS

### **PREAMBLE:**

DIT University lays emphasis on Health for all quotation and promote various special educative programs and policies in placed towards promoting various Health Campaign & Awareness in its campus.

### **SCOPE:**

The Health Policy for all programs for DIT University covers all students, faculties & staffs apart from other campus visitors.

Procedure in place: Any policy has to be outcome based and accordingly a well lied policy with procedure covers conducting of various campaign on the following:

1. Evil of smoking
2. Drug free campus
3. Tobacco free campus
4. Alcohol free campus
5. Fitness & Health

To promote the above action DIT will conduct various awareness program and campaign during every Academic year involving students and faculty.

Specific club or promoted for the active participation of students and effective implementation of the program on a voluntary basis.

Further, DIT University will have appropriate play cards and informative signboards across the campus.

The Policy primarily adaptive & voluntary in nature and it encourages every student & faculty to be health conscious not just self but also their campus committee.
