

# **TEACHER'S FEEDBACK REPORT**

## **Academic Year 2022-2023**

**DIT University**  
**Mussoorie Diversion Road Dehradun, Uttarakhand-248009**

**School of Architecture, Planning & Design  
DIT University, Dehradun-248009.**

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**School of Architecture, Planning & Design  
DIT University, Dehradun-248009.**

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedbacks of the teachers of M.Planning have been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 and Table 4 represent the course-wise mean score the teacher feedbacks for the available questionnaire for the Odd Semester, 2022-2023 and Even Semester, 2022-2023, respectively.

**Table 3: Course-wise mean score of teacher feedbacks for Odd Semester, 2022-2023.**

| Sr. No. | Course Code | Course Name                                  | No. of Students Participated | T-Q1 | T-Q2 | T-Q3 | T-Q4 | T-Q5 | T-Q6 | T-Q7 | T-Q8 |
|---------|-------------|--|------------------------------|------|------|------|------|------|------|------|------|

### 2.3. Teacher Suggestions

- Interaction with practicing planners.

### 2.4. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 4.0. The obtained feedback scores are satisfactory. The teachers have emphasized the requirement of expert interactions.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**School of Architecture, Planning & Design  
DIT University, Dehradun-248009.**

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedbacks of the teachers of M.Des(UX) have been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 and Table 4 represent the course-wise mean score the teacher feedbacks for the available questionnaire for the Odd Semester, 2022-2023 and Even Semester, 2022-2023, respectively.

**Table 3: Course-wise mean score of teacher feedbacks for Odd Semester, 2022-2023.**

### 2.3. Teacher Suggestions

- Focus on working drawing.

### 2.4. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

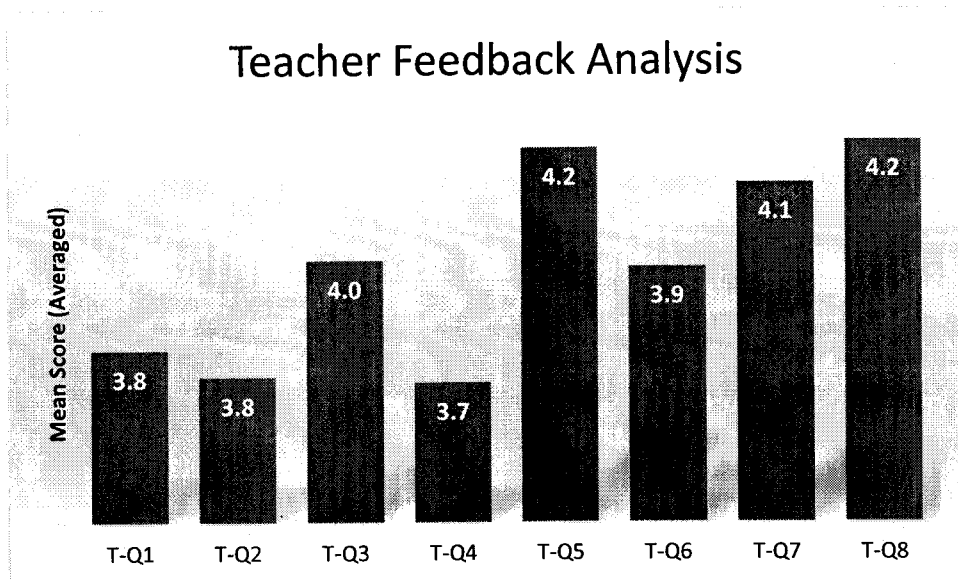

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 3.0. The obtained feedback scores are satisfactory. The teachers have emphasized the content updation and discontinuation of some of the courses.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

DIT University, Dehradun-248009.**

## 2. Teacher Feedback Analysis

### 2.1. Parameters for teacher feedback:

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**School of Architecture, Planning & Design  
DIT University, Dehradun-248009.**

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedbacks of the teachers of B.Des(UX) have been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 and Table 4 represent the course-wise mean score the teacher feedbacks for the available questionnaire for the Odd Semester, 2022-2023 and Even Semester, 2022-2023, respectively.

**Table 3: Course-wise mean score of teacher feedbacks for Odd Semester, 2022-2023.**

### 2.3. Teacher Suggestions

- Study tours should be conducted.

### 2.4. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 4.0. The obtained feedback scores are satisfactory. The teachers have emphasized the requirement of study tours.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**School of Architecture, Planning & Design  
DIT University, Dehradun-248009.**

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**School of Architecture, Planning & Design  
DIT University, Dehradun-248009.**

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedbacks of the teachers of B.Des(ID) have been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 and Table 4 represent the course-wise mean score the teacher feedbacks for the available questionnaire for the Odd Semester, 2022-2023 and Even Semester, 2022-2023, respectively.

**Table 3: Course-wise mean score of teacher feedbacks for Odd Semester, 2022-2023.**

**2.3. Teacher Suggestions**

- Credit hours and contact hours may be reduced to provide more time to students for design competitions and societal activities.
- Elaborate and update the content of contemporary architecture & surveying.

**2.4. Observations and actions**

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

**Observations:**

The averaged mean scores of the teacher feedback are above 4.0 except for T-Q2 which is 3.9. The obtained feedback scores are satisfactory. The teachers have emphasized the requirement of providing slots to the students for other activities.

**Actions:**

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

## 2. Teacher Feedback Analysis

### 2.1. Parameters for teacher feedback:

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

DIT University, Dehradun-248009.**

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedbacks of the teachers of Department of Civil Engineering have been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 represents the course-wise mean score of the teacher's feedbacks for the available questionnaire for the academic year 2022-2023.

**Table 2: Course-wise mean score of teacher feedbacks for 2022-2023.**

**2.3. Teacher Suggestions**

- The Survey camp need to be credited course and should be included before the commencement of third year.
- The name of subject Earthquake Engineering required to be replaced with 'Fundamentals of Earthquake Engineering' and syllabus needs to be modified accordingly.

**2.4. Observations and actions**

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

**Observations:**

The averaged mean scores of the teacher feedback are above 4.0 except for T-Q1 which is 3.9. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses, especially, Earthquake Engineering, and Strength of Material.

**Actions:**

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for the teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries the sufficient number of optional papers.                              |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedback of the teachers of the Department of Petroleum and Energy Studies has been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1) to strongly agree (5)** has been used as response. Table 2 represents the course-wise mean score of the teacher feedback for the available questionnaire for the Odd Semester, 2022-2023, and Even Semester, 2022-2023, respectively.

 DIT University, Dehradun

### 2.3. Teacher Suggestions

- Regular updating of syllabus as per the academic and industry needs.
- Industry visit should be the part of curriculum.
- The fourth year project must be specific to industry requirement.

### 2.4. Observations and actions

Figure 3 and 4 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 3: Average values of the teacher feedback mean scores of courses even sem 2021-22.

Figure 4: Average values of the teacher feedback mean scores of courses odd sem 2022-23

*[Signature]*  
Head of Department  
Electrical and Electronics &  
Communication Engineering  
DIT University, Dehradun

**Department of EECE**  
**DIT University, Dehradun-248009**

**Observations:**

The averaged mean scores of the teacher feedback are above 4 except for T-Q1 which is 3.9. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses, especially, Latest Trends in Communication.

**Actions:**

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

  
Head of Department  
Electrical and Electronics &  
Communication Engineering  
DIT University, Dehradun

## Curriculum Feedback Analysis Teacher Feedback Analysis (2022-23)

The Internal Quality Assurance Cell (IQAC) of the institution designs and collects feedback from its stakeholders to assess and evaluate the performance quality with regard to the curriculum and curriculum related issues. This report is the analysis of the feedback which were collected from faculty members on several aspects of curriculum and its learning related issues in terms of quality, competence, skills and professionalism.

The feedback from B.Tech course instructors was gathered for the academic year 2022-23. At the end of every semester, faculty members receive a feedback form for each course they teach. A scale ranging from strongly disagree (1) to strongly agree (5) was used to gauge the teachers' views on the program's curriculum. Subsequently, the mean score was calculated for each course-related statement based on all the responses received. Upon obtaining the mean scores for individual courses, an additional mean score was computed for all courses corresponding to each statement. Figure 1 below presents the mean scores categorized by statement across all courses.

Figure 1 Average of all the courses

To understand what the faculty thinks about the B.Tech Program courses, Feedback has been taken and used a scale from strongly disagree (1) to strongly agree (5). Some faculty members don't think the syllabus fits the courses well, with an average score of 3.4 for this idea. They seem unsure about whether the curriculum meets industry needs, scoring 3.1 on average. They also feel neutral about how clear the syllabus aims and objectives are, rating it at 3.70. In terms of the syllabus workload for students, they think it's not right, with an average score of 3.00. The connection between the syllabus and what students are supposed to learn (course learning outcomes) doesn't seem clear to them, scoring 3.11 on average. However, they believe there's

  
Head  
Mechanical Engineering Department  
DIT University Dehradun  
Uttarakhand -248009

a good balance between theory and lab work in the courses, scoring 3.8. They agree that the courses increased their knowledge and perspective in the subject area, scoring 3.6. They also think there are enough optional papers, with an average score of 3.3. The faculty members feel the reference books listed are relevant and up-to-date, scoring 4.1 on average.

**Faculty Suggestion:** There was a recommendation for adjustments in the course content while teaching free elective courses to students from other departments, such as MEF381 Composite Materials. This suggestion stemmed from the course needing fundamental knowledge that might not be possessed by students from different disciplines.

**Action plan:** The proposal was suggested to be included in the forthcoming BOS (Board of Studies) meeting of the department.

**Submission:** The feedback of faculty members was collected and the feedback analysis report is forwarded to the University's Internal Quality Assurance Cell (IQAC).

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedbacks of the teachers of School of Computing have been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 and Table 4 represent the course-wise mean score the teacher feedbacks for the available questionnaire for the Even Semester, 2022-2023 and Odd Semester, 2022-2023, respectively.

**Table 3: Course-wise mean score of teacher feedbacks for Even Semester, 2022-2023.**

**2.3. Teacher Suggestions**

- Teachers have revisited the syllabus and are satisfied by the curriculum taught.
- New methodology and tools must be introduced according to industry standards.

**2.4. Observations and actions**

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

**Observations:**

The averaged mean scores of the teacher feedback are above 3.6. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses, especially, artificial intelligence, computer networks, software engineering.

**Actions:**

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**Department of Physics**  
**DIT University, Dehradun-248009.**

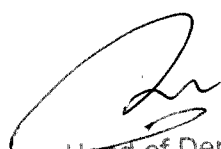

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

## 2. Teacher Feedback Analysis

### 2.1. Parameters for teacher feedback:

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

### 2.3. Teacher Suggestions

- The syllabus of Quantum Mechanics-I and II must be changed.
- Some more elective courses should be introduced in M.Sc. (Physics) keeping in view the specialization of the programme is electronics.

### 2.4. Observations and actions

Below figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

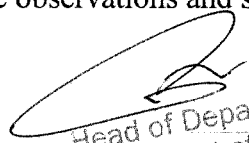

Figure 2: Average values of the teacher feedback mean scores of the courses for M.Sc. Physics.

#### Observations:

The averaged mean scores of the teacher feedback are above 3.9. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted as per the DIT University policy. The feedbacks of the teachers of Department of chemistry have been collected for the year 2022-2023 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses.

Table 2 represent the course-wise mean score the teacher feedbacks for the available questionnaire for 2022-2023.

### 2.3. Teacher Suggestions

- Computer Applications in Chemistry syllabus needs necessary modifications for its improvement.
- Computational chemistry fundamental concepts and introduction to various computational chemistry software should be included in the revised syllabus. This will be useful for students to proceed with the higher education and research development.
- The syllabus of Analytical Chemistry-I does not meet the industrial needs and should be improved.

### 2.4. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 4.1. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of Computer Applications in Chemistry and Analytical Chemistry-I.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

### 2.3. Teacher Suggestions

- Some of the latest reference books prescribed/listed are needed for some courses.
- Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes.

#### Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 3.75. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the requirement of latest reference books.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

### 2.3. Teacher Suggestions

- Some of the reference books prescribed/listed as reference are not the latest edition.
- Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes.

### 2.4. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 3.85. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

### 2.3. Teacher Suggestions

- Some of the reference books prescribed/listed as reference are not the latest edition.
- Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes.

### 2.4. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 3.75. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

Head of Department  
Department of Mathematics  
DIT University, Dehradun

Teacher Feedback Analysis

1.1. Parameters for Teacher's Feedback

Below mentioned were the questionnaire for student feedback survey:

| Q.No. | Statements   |
|-------|--|
| T-Q1  | Syllabus is suitable to the course.  |
| T-Q2  | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3  | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4  | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5  | The course/syllabus has good balance between theory and Lab.   |
| T-Q6  | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7  | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8  | The books prescribed/ listed as reference materials are relevant, updated, and appropriate.                  |

The remarks section is provided in the survey for additional suggestions.

Feedback Analysis Report on Curriculum

(Odd Sem 2022-2023)

**1.2. Course-wise student feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedback of the teachers of B. Pharm has been collected for the Odd Sem 2022-2023 using questionnaire. The scale from strongly disagree (1) to strongly agree (5) has been used as responses. Table 2 represents the course-wise mean score as the teacher feedback for the available questionnaire for the Odd Semester, 2022- 2023.

| S. No. | Subject Code | Subject Name                                    | Number of Participants | T-Q1 | T-Q2 | T-Q3 | T-Q4 | T-Q5 | T-Q6 | T-Q7 | T-Q8 |

Feedback Analysis Report on Curriculum

(Odd Sem 2022-2023)

B.Pharm

Teacher Suggestions:

- The designed curriculum meets expectations as desired.
- Specially our Value-Added Courses, were well appreciated by all stakeholders to enhance employability.

Figure 1: Average values of the Teacher FeedBack mean scores of the values.

Observations: -

- The Average mean score is 4.07, which is the agreement and satisfaction of teachers with curriculum.
- Hence, Based on over all Feedback it was decided not to modify the syllabus.

Teacher Feedback Analysis

1.1 Parameters for Teacher's FeedBack

Below mentioned were the questionnaire for student feedback survey:

| Q.No. | Statements   |
|-------|--|
| T-Q1  | Syllabus is suitable to the course.  |
| T-Q2  | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3  | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4  | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5  | The course/syllabus has good balance between theory and Lab.   |
| T-Q6  | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7  | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8  | The books prescribed/ listed as reference materials are relevant, updated, and appropriate.                  |

The remarks section is provided in the survey for additional suggestions.

**Feedback Analysis Report on Curriculum**

(Odd Sem 2022-2023)

M.Pharm

**Teacher Suggestions:**

- The designed curriculum meets expectations as desired.
- Specially our Value-Added Courses, were well appreciated by all stakeholders to enhance employability.

Figure 1: Average values of the Teacher Feedback mean scores of the values.

**Observations: -**

- The Average mean score is 4.09, which is the agreement and satisfaction of teachers with curriculum.
- Hence, Based on over all Feedback it was decided not to modify the syllabus.

Head of the Department

Teacher Feedback Analysis

1.3. Parameters for Teacher's FeedBack

Below mentioned were the questionnaire for student feedback survey:

| Q.No. | Statements   |
|-------|--|
| T-Q1  | Syllabus is suitable to the course.  |
| T-Q2  | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3  | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4  | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5  | The course/syllabus has good balance between theory and Lab.   |
| T-Q6  | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7  | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8  | The books prescribed/ listed as reference materials are relevant, updated, and appropriate.                  |

The remarks section is provided in the survey for additional suggestions.

Feedback Analysis Report on Curriculum

(Even Sem 2022-2023)

**1.4. Course-wise student feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedback of the teachers of B. Pharm has been collected for the Even Sem 2022-2023 using questionnaire. The scale from strongly disagree (1) to strongly agree (5) has been used as responses. Table 6 represents the course-wise mean score as the teacher feedback for the available questionnaire for the Even Semester, 2022- 2023.

| S. No. | Subject Code | Subject Name                                   | Number of Participants | T-Q1 | T-Q2 | T-Q3 | T-Q4 | T-Q5 | T-Q6 | T-Q7 | T-Q8 |

### 2.3. Teacher Suggestions

- Industrial visit should be added in the syllabus of HRM to familiarise the students about workplace/Industry functioning.

### 2.4. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

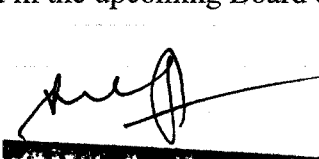

Figure 2: Average values of the teacher feedback mean scores of the courses.

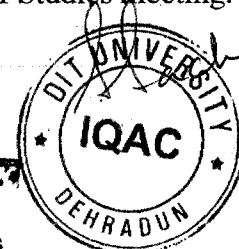

#### Observations:

The averaged mean scores of the teacher feedback are above 4.0 except for T-Q1 which is 3.9. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses, especially, petroleum production operations-I, petroleum production operations-II, drilling fluid & cements, and oil & gas well drilling and well completion.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| <b>Q. No.</b> | <b>Statements</b>  |
|---------------|--|
| T-Q1          | Syllabus is suitable to the course.  |
| T-Q2          | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3          | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4          | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5          | The course/syllabus has good balance between theory and Lab.   |
| T-Q6          | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7          | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8          | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedback of the teachers of Department of Humanities have been collected for the year 2020-2021 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 and Table 4 represent the course-wise mean score the teacher feedback for the available questionnaire for the Even Semester, 2022-2023 and Odd Semester, 2022-2023, respectively.

**Table 3: Course-wise mean score of teachers' feedbacks for Odd Semester, 2022-2023.**

| T-Q1   | Syllabus is suitable to the course.  |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated, and appropriate.                   |

The remarks section is provided in the survey for additional suggestions.

**2.2. Course-wise teacher feedback**

The teacher feedback survey is conducted at the end of each semester as per the DIT University policy. The feedbacks of the teachers of Department of Humanities and Liberal Arts have been collected for the year 2020-2021 for the questionnaire. The scale from **strongly disagree (1)** to **strongly agree (5)** has been used as responses. Table 3 and Table 4 represent the course-wise mean score the teacher feedbacks for the available questionnaire for the Even Semester, 2019-2020 and Odd Semester, 2020-2021, respectively.

**Table 3: Course-wise mean score of teacher feedbacks for Even Semester, 2020-2021.**

### 1.5. Teacher Suggestions

- The relevance of the subject matter concerning the industry requirements needs deliberations.

### 1.6. Observations and actions

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

Figure 2: Average values of the teacher feedback mean scores of the courses.

#### Observations:

The averaged mean scores of the teacher feedback are above 4.0 except for T-Q2 which is 3.95. The obtained feedback scores are satisfactory. Most of the participants found that the course/program of studies carries a sufficient number of optional papers. The faculty members agreed that the books prescribed/listed as reference materials are relevant, updated, and appropriate.

#### Actions:

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

**2. Teacher Feedback Analysis**

**2.1. Parameters for teacher feedback:**

Below mentioned are the questionnaire for teacher feedback survey:

| Q. No. | Statements   |
|--------|--|
| T-Q1   | Syllabus is suitable to the course   |
| T-Q2   | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| T-Q3   | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| T-Q4   | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| T-Q5   | The course/syllabus has good balance between theory and Lab.   |
| T-Q6   | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| T-Q7   | The course/program of studies carries sufficient number of optional papers.                                  |
| T-Q8   | The books prescribed/listed as reference materials are relevant, updated and appropriate.                    |

The remarks section is provided in the survey for additional suggestions.

**2.3. Teacher Suggestions**

- The syllabus can be taught with more applications using Economics data.
- The economics department needs a computer lab to teach statistical software to the students.

**2.4. Observations and actions**

Figure 2 represents the question-wise average values of the teacher feedback mean scores of the courses.

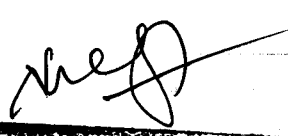

Figure 2: Average values of the teacher feedback mean scores of the courses.

**Observations:**

The averaged mean scores of the teacher feedback are above 4.0 except for T-Q1 which is 3.9. The obtained feedback scores are satisfactory. Although, the feedback received from teacher indicates the need to assess the suitability of the course content of some of the courses, especially, Micro and Macro Economics I & II, Indian Economics I, Development Economics, well completion.

**Actions:**

The observations and suggestions shall be raised in the upcoming Board of Studies meeting.

## FACULTY FEEDBACK ANALYSIS REPORT ON CURRICULUM (2022-23)

The University's Internal Quality Assurance Cell (IQAC) has created a feedback form to gather input from different stakeholders. The feedback received from many stakeholders has shown how important it is for them to be involved in the assurance of educational quality. For the academic year 2022–2023, faculty members were asked to submit their insightful evaluations for each course in the MBA program, both in the first and final years. They completed the questionnaire after each trimester, and their answers were gathered and examined. There are two sections to the feedback form: scale questions and open-ended questions. The first nine question statements (strongly disagree (1) to strongly agree (5)) were scale-based questions. The following are the statements:

| Sr. No. | Question Statements  |
|---------|--|
| Q1      | Syllabus is suitable to the course.  |
| Q2      | Curriculum and Syllabus is designed to meet the industry requirements.                                       |
| Q3      | Aims and objectives of the syllabi are well defined and clear to teachers and students.                      |
| Q4      | The Size of syllabus in terms of the load on the student is appropriate.                                     |
| Q5      | Course syllabus is relevant with course learning outcomes, which in turn is aligned to the program outcomes. |
| Q6      | The course/syllabus has good balance between theory and Lab.   |
| Q7      | The course/syllabus of this subject increased my knowledge and perspective in the subject area.              |
| Q8      | The course/program of studies carries sufficient number of optional papers.                                  |
| Q9      | The books prescribed/listed as reference materials are relevant, updated and appropriate                     |

Following the gathering of faculty replies, the average for all courses was determined. Subsequently, the average scores for each statement across all course responses are computed.

## Mean Score of Teachers' Feedback - 2022-23

Figure 1

Figure 1 shows the mean score of faculty members' feedback for all the courses for the year 2022-23. Based on the mean values derived from teacher feedback, it is evident that there is a highly positive perception regarding various aspects of the course syllabus and curriculum. The syllabus's suitability to the course (Q1) and its alignment with industry requirements (Q2) received exceptionally high ratings, indicating that both teachers and students believe the content prepares them well for real-world applications. The clarity of aims and objectives (Q3) and the relevance of the syllabus to course learning outcomes and program outcomes (Q4 and Q5) were also rated very positively, suggesting that both teachers and students understand and appreciate the educational goals. Additionally, the balance between theory and lab components (Q6) was perceived as good, contributing to a comprehensive learning experience. The course was noted for increasing knowledge and perspective in the subject area (Q7), while the availability of optional papers (Q8) and relevant reference materials (Q9) were also highlighted as strengths of the program. Overall, the feedback indicates a well-designed and highly effective course structure that meets the needs of both students and industry standards, providing ample opportunities for learning and growth.

*Upin*

**Suggestion:**

The examination of the faculty members' recommendations reveals that the MBA course syllabus is current and aligned with industry standards. Furthermore, the course syllabus is pertinent to the student's development and employment. Research papers and case studies may be required for some courses, such as business analytics, marketing analytics, and retail analytics.

**Submission:** This report of Teachers' Feedback Analysis is submitted to the University's Internal Quality Assurance Cell (IQAC) for further processing.
